Agreement reached and general nature of the agreement: see below

Proposed amendments: none

Other pertinent matters:

Applicant's (undersigned) attorney discussed with the Examiner the earlier restriction requirement. On 15 December 2003, the Examiner issued a restriction requirement identifying group 1 as claims 1-10 and group 2 as claims 11-20. On 12 January 2004, Applicant responded to the restriction requirement by traversing and provisionally electing group 1 claims. No further comment or action was received from the Examiner until the Office Action mailed 25 March 2004. That Office Action addresses the merits of all claims 1-20 as though no election was made but does not clearly state that the restriction requirement was withdrawn. In this telephone conference with the Examiner, the undersigned attorney clarified the Examiner's intent to withdraw

the restriction requirement thereby leaving all 20 claims pending in the subject application. As noted, no specific amended language was agreed to or even discussed.
